

## SDSN Public Opinion Survey on SDG Progress and Challenges

Five years after the adoption of the Sustainable Development Goals (SDGs) by the global community, the Sustainable Development Solutions Network (SDSN) is launching a data collection to collect public opinions on progress made and major challenges and barriers faced in implementing the SDGs. The survey comprises 5 questions. It should take less than 5 minutes to respond.

\*\*\*\*\*

### Respondent information:

- Country (drop down)
- Professional activity/sector:
  - Government
  - Intergovernmental organization (United-Nations, OECD, other)
  - Private sector
  - Non-governmental organization
  - University/Research centre
  - Student
  - Other

\*\*\*\*\*

### 1. In your view, is your country on track for achieving the SDGs by 2030? (please select one)

- On track and will achieve all SDGs
- Rather on track and will achieve most SDGs
- Moderately on track and will achieve about half of the SDGs
- Rather not on track and will achieve less than half of the SDGs
- Off track and may not achieve any SDGs
- No opinion

### 2. The SDSN and partners identified [Six Transformations](#) that need to happen in order to achieve the SDGs. Since 2015, how do you perceive government efforts and actions in the six transformations in your country?

**Major efforts:** Government has designed and implemented major reforms and the reforms are highly ambitious and compatible with achieving the transformation by 2030.

**Moderate efforts:** Government has designed and implemented some major reforms, but the level of ambition can be strengthened.

**Minor efforts:** Government has not designed or implemented major reforms.

	Major efforts	Moderate efforts	Minor efforts
<b>1. Education, Gender and Inequality</b> (Early childhood development, Primary & secondary education, Vocational training & higher education, Social protection system and labour)			

standards, Research & development)			
<b>2. Health, Well-Being and Demography</b> (Universal health coverage, Healthy behaviours and social determinants)			
<b>3. Energy Decarbonization and Sustainable Industry</b> (Access to clean energy, Zero-carbon electricity generation, Energy efficiency, Electrification and zero-carbon fuels, Curbing pollution)			
<b>4. Sustainable Food, Land, Water and Oceans</b> (Efficient and resilient agricultural systems, Protection of terrestrial and marine biodiversity, Healthy food promotion and regulation, Trade and supply chains consistent with sustainable Development, Integrated land-use and water management)			
<b>5. Sustainable Cities and Communities</b> (Urban access to water, sanitation, and waste management, Sustainable mobility and transport networks, More compact settlements, Urban adaptation and resilience)			
<b>6. Digital Revolution for Sustainable Development</b> (Universal broadband and IT infrastructure, Digital inclusion, skills, privacy protection, and universal identity, Mobilizing digital technologies to achieve all SDGs)			

**3. In your view, where do the biggest SDG Transformation challenges lie in your country?**

	Major challenge	Moderate challenge	Minor / not a challenge
--	-----------------	--------------------	-------------------------

1. Education, Gender and Inequality			
2. Health, Well-Being and Demography			
3. Energy Decarbonization and Sustainable Industry			
4. Sustainable Food, Land, Water and Oceans			
5. Sustainable Cities and Communities			
6. Digital Revolution for Sustainable Development			

**4. In your view, what are the main barriers for implementing the SDGs in your country?**

	Minor / Not a challenge	Moderate challenge	Major challenge
Lack of political leadership			
Lack of financial resources			
Poor data and statistics			
Lack of awareness among people and policymakers			
Low quality infrastructure			
Lack of effective public institutions			
Major event that takes priority over other long-term goals (war, epidemics, major social unrest, natural disaster)			
Other: please specify			

**5. General comment (300 words):**

....

**THANK YOU!**
